

THE SCIENCE OF PURE,  
**THE POWER** OF INNOVATION

# Revolutionizing Water Management for a “ Sustainable Future ”

With over 25 years of expertise, Orizon is a trusted leader in Total Water Treatment Solutions. We specialize in providing end-to-end engineering, processing, treatment, outsourcing, and management services. Our solutions are designed to enhance operational efficiency, reduce costs, and promote sustainability, meeting the highest industry standards and regulatory compliance.

## OUR WATER RELATED SOLUTIONS HAVE FOLLOWING FEATURES:

# OUR SERVICES

## **Operation & Maintenance**

Ensuring seamless water system functionality with expert monitoring and servicing.

## **Rehabilitation & Modification**

Upgrading outdated systems with modern technology for improved efficiency and compliance.

## **Annual Maintenance Contracts (AMC)**

Offering cost-effective, long-term maintenance solutions for uninterrupted performance.

## **Audits & Consultancy**

Providing strategic insights through in-depth water audits, regulatory assessments, and customized solutions.

## **Automation, Feed & Control**

Implementing smart automation and precision controls to optimize water treatment processes.

## **Environmental Management**

Delivering sustainable solutions that ensure responsible water use, wastewater management, and compliance with environmental norms.

# OUR PRODUCT RANGE

## Industrial Water Treatment

- Filtration Systems • Micron Cartridge Filters • Multigrade Filters • EDI
- Activated Carbon Filters • UV Systems • Reverse Osmosis Systems
- Ultra Filtration System • Soft Water Plant • DM Plant • Side Stream Filter

## Waste Water Treatment

- Effluent Treatment Plants (ETP) • Sewage Treatment Plants (STP)
- Zero Liquid Discharge (ZLD) Systems • Sludge Dewatering Systems

## Water Treatment Chemicals

- Specialty and Bulk Chemicals • Coagulants • Flocculants • Biocides
- Scale Inhibitors • Disinfectants for Industrial Applications
- RO Chemicals • Cooling Tower & Boiler Chemicals

## High Purity System Storage & Distribution

- Purified Water System • Water for Injection (WFI) System
- Ultrapure Water System • Storage & Distribution

### Components:

- Sanitary Tank / Storage Tanks • Sanitary Circulation Pumps
- Sanitary Piping • Instrumentation

## Water Treatment Instruments

- pH Meters • Conductivity Meters • ORP Meters • Water Meters
- Digital Testing Kits • Online Monitoring Systems • Resin • FRP Vessels
- Membrane • Pressure Tube • Multiport valve • Control Panel
- Hipressure pump • Dosing pump

## Packaging Equipment

- Packing Machines • Filling Machines • Conveyor Belts
- Labeling Machines • Bottle Capping Systems

## Process Water Solutions

- De-Ionised/De-Mineralized Water (DM Water)
- Ultra-Pure Water Systems • Boiler and Cooling Tower Water Treatment

# INDUSTRIES WE SERVE

## **Pharmaceuticals**

High-purity water solutions for drug manufacturing and research.

## **Chemical Industries**

Specialized treatment for complex industrial wastewater and effluents.

## **Textile Industries**

Water recycling, dye wastewater treatment, and effluent management.

## **Municipal Corporations**

Large-scale water treatment solutions for cities and communities.

## **Educational Institutions**

Clean water supply and wastewater management for schools, colleges, and universities.

## **Cosmetic Industries**

High-quality water treatment for skincare and beauty product manufacturing.

## **Health & Fitness**

Water purification for gyms, spas, and wellness centers

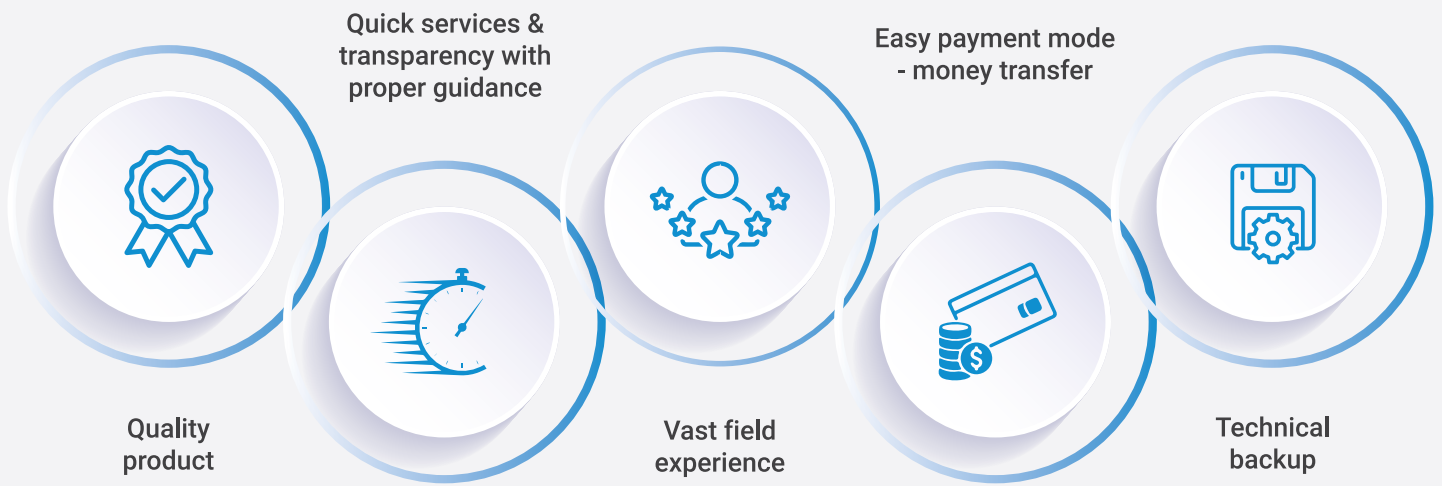

## **Food & Beverages**

Safe and hygienic water treatment solutions for food processing and beverage production.

# WHY **US**

Our dedication and commitment to excellent customer service is directly linked to the fact that Orizon is employee owned. Our employee-owners value the fact that their individual success is directly linked to our clients' success. Our goal is to provide optimum service to help our customers achieve business success in their markets.

## SOME OF THE FACTORS THAT HAVE HELPED US IN GATHERING GOODWILL AND APPRECIATION OF OUR CLIENTS ARE:

For sustainable and efficient water treatment solutions, trust **Orizon** - Your Partner in Water Management!
